Rescue from aid climb			
Rescue from fall arrest equipment			
Rescue from aid climb – short connection			
Assess all white boxes and a minimum of any one grey box			

Overall attainment		
1	Unacceptable - Fail	
2	Satisfactory	
3	Good	
4	Very Good	
5	Excellent	

Assessment result
Pass/Fail

I certify that I have been trained in all aspects of the relevant syllabus, received the IRATA Code of Practice and Technician Assessment and Certification Scheme documents, in electronic or paper format and that I agree with the assessment result. I acknowledge that IRATA will electronically store some information contained in this some of which may be publicly displayed on IRATA's website in order to verify the level attained by the undersigned. (See note overleaf)

Candidate's signature:

Comments:

I certify that I have assessed the candidate in all aspects of the relevant syllabus, as documented in the IRATA code of practice and the IRATA training, assessment and certification scheme.

Assessor's signature:

SAMPLE

This form is valid for a period of 60 days from date of issue.

IRATA International, 1st Floor, Unit 3, Eurogate Business Park, Ashford, Kent TN24 8XW, UK
Tel +44(0)1233 754 600 Tel +44(0)1233 754 601

Validity of this assessment form

This form is valid for a period of 60 days from date of issue. Application for registration should be made within 30 days via an IRATA (Trainer) Member. The person named overleaf has been certified as being fully competent to carry out aspects of work associated with rope access at the level indicated subject to appropriate supervision. (To be used in conjunction with IRATA logbook and the Technician Assessment and Certification Scheme).

Assessor guidance

For candidates who fail, the reasons for failure shall be explained by the assessor. The assessor shall write an explanation on the assessment form in the comments box. The explanation should highlight any additional experience or training needed in relevant aspects of the syllabus and shall include any minimum time period before re-assessment be allowed to take place. Recommendations should be clear, directly relevant to the candidate and shall be fully explained to him or her. All required areas are to be assessed and marked in the appropriate box. **P;** Pass; **Dis;** Minor discrepancy; **F;** Fail & **A** = Awareness.

Notes for completion of the IRATA rope access technician assessment form

These notes are a brief outline of how the assessment form should be completed by IRATA assessors. Neither these notes nor the assessment form intend to explain the IRATA training system. For further detail on IRATA assessments, it is necessary to consult the Technician Assessment & Certification Scheme

Assessor	Name of the IRATA assessor carrying out the assessment.
Assessor's IRATA No.	IRATA number of the above named assessor, e.g. A/3/1234.
Assessment date	The date of the assessment. Where the assessment is carried out over more than one day, details should be included and if necessary details given in the comments box.
Logbook check	The assessor shall initial to confirm that he/she has checked the candidate's IRATA logbook and that the details contained are satisfactory, including the training section.
Surname	Candidate's family or second name.
First name	Candidate's given or first name.
Address	The address of the candidate, to which IRATA will send acknowledgements and other information. If certificates and logbooks are to be sent to a different address, the IRATA member training company should notify IRATA at the time of registration.
Postcode	Postcode, zip code or other national postal reference for the address provided.
Telephone number	The full phone number including all prefixes for international dialling e.g. +44,+1 etc.
Mobile number	The full mobile number including all prefixes for international dialling e.g. +44,+1 etc
Date of birth	Candidate's date of birth given in the following order: day/month/year e.g. 01/04/2014
Passport / ID / NI number	Candidate's passport, identity number or social Insurance number.
Email	Candidate's contact email address.
IRATA number	To be completed by revalidating level 1 candidates and level 2 and 3 candidates.
Current level	The IRATA level of the candidate prior to the current assessment.
Total hours	This should reflect accurately the work hours involved in carrying out or supervising rope access operations following approved rope access guidelines and/or procedures, as indicated by the checked IRATA logbook.
Medical statement	The assessor shall check that the training company has a record of the medical fitness of the candidate. The minimum requirements are given in the IRATA *Statement of medical condition.*
Training company name/ No.	The training company name and IRATA membership number of the IRATA member training company or probationary IRATA member training company that has delivered the training.
Training venue and country	Training venue: Venue details. If not a regular facility, traceable details can be added to comments box. Training country: The name of the country that the venue is located in.
Training dates	Dates (day/month/year) of training course(s) attended.
Instructor name	Name of the level 3 instructor who has delivered the training. If assistants instructors have been used, details can be provided in the comments box.
Instructor 's IRATA number	The IRATA number of the IRATA level 3 Instructor and assistants if used.
Equipment Used	Indicate type of Descender(s) and Backup device(s) used in training and assessment
Assessment sections	Planning and management, Equipment, Rigging, Rigging for rescue and hauling, Rope manoeuvres, Climbing techniques, Rope rescues and climbing rescues: The assessor shall mark in each box, **P** = Pass; **Dis** = Minor Discrepancy; **F** = Fail (as detailed in Technician Assessment and Certification Scheme), appropriate to the level being assessed. Black boxes require no action by the assessor. Grey boxes require the assessor to mark the minimum for each section, as detailed below each section. Boxes marked 'A' require the assessor to confirm that the Awareness areas of the training syllabus have been included in the training programme, this may include a practical exercise under direct supervision.
Overall attainment	The assessor shall indicate only one of the five choices with a tick.
Assessment result	The assessor shall write Pass or Fail.
Comments	Assessors shall complete this box, where necessary. Other information specific to the assessment can also be included in this box. The instructor and candidate may also use this box to make comments specific to the assessment.
Signatures	Candidates, instructors and assessors are required to sign the form in the appropriate places. Instructors and Assessors shall draw the candidate's attention to the statement above.

Some information contained in this form will be used by IRATA for the purpose of administering the technician registration scheme. Data will be entered onto a secure database accessible via a website by IRATA Members companies which may view a technician's address details, history of assessments, identification details and photograph in order to renew, upgrade or verify certification. No medical information or similar personal information is stored.
